PROFILE

Experienced Software Developer with strong skills in designing and enhancing applications. Proactive and analytical, I leverage my technical expertise to deliver efficient solutions. Skilled in writing technical documentation and user-friendly guides.

EXPERIENCE

02/2024 - 08/2025

Full-Stack Developer

Free-lance | Dakar | Travailleur indépendant

- Configured hosting infrastructures for websites and applications, optimizing accessibility, cost efficiency, and availability.
- Implemented unit and integration testing to ensure code quality and reliability.
- Developed application features by delivering technical solutions tailored to client requirements.
- Built web applications using JavaScript, HTML, and CSS across multiple projects.
- Designed and deployed relational and non-relational databases to enhance system performance.
- Designed and programmed applications and software solutions according to project specifications.
- Created detailed technical documentation for all developed features.
- Engineered both back-end and front-end components of websites, applications, and web services.

LANGUAGES

Français

Langue maternelle

Anglais

Notions

- Developed APIs to integrate with external services, improving overall functionality.

05/2024 - 08/2024

Vendeur

O'bonheur Boutique | Dakar, Keur Massar | Emploi temporaire

- Delivered excellent customer service by welcoming clients and providing efficient, courteous assistance.
- Ensured store presentation through regular tidying, cleaning, and restocking.
- Processed transactions and managed cash register operations accurately.
- Advised and guided customers to products that best matched their needs.
- Contributed to store maintenance and cleanliness, ensuring a pleasant shopping environment.
- Monitored inventory levels and restocked shelves to maintain product availability.

01/2022 - 04/2023

Caissier

Pharmacie Malika Plage | Dakar, Malika Plage | Emploi temporaire

- Provided a warm and professional welcome to customers, ensuring courteous service.
- Managed cash operations including counting the float, securing cash, and preparing deposits.
- Handled checkout operations: greeting customers, scanning products, and processing payments accurately.
- Performed daily cash register closing, with careful verification and preparation for the next business day.

INTERESTS

- Passionate about Soccer
- Playing since the age of 12

PROJECTS COMPLETED

- Developed a showcase website highlighting intellectuals who shaped African and global history.
- Built a fully responsive web application for comprehensive restaurant management.
